4. Operation of the Account

4.1 Purchase of Electronic Money

Electronic Money can be purchased by Card (or any other means accepted by the Issuer), in one or more instalments.

To carry out such a transaction, You must Login to the Website and place a money transfer order via the dedicated Payment Page. For any payment, You may be asked to enter a single-use code on the Payment Page, which You will receive on Your mobile phone. By using the Payment Page and, where applicable, entering the single-use code, You are giving Your consent to the Payment Transaction.

The Issuer may refuse any payment at its sole discretion and without giving rise to any right to compensation. The transaction is carried out by Your Card issuer. Any dispute concerning such transfer

¹ Inside the EEA : passport, national identity card, driving licence, resident permit from third-country nationals in the European Union

Outside the EEA: passport is compulsory, driving licence for USA and Canada accepted

must be notified to Your Card issuer. The Issuer is not entitled to cancel such a transfer. Notwithstanding the foregoing, You may receive a Reimbursement of Electronic Money in accordance with article 4.4.

The registration of Electronic Money in the User's name is subject to the actual receipt of funds by the Issuer less the costs agreed in the Financial Conditions.

In the event that the transfer of funds is cancelled by the Card issuer following a dispute, for whatever reason, the Issuer may, upon receipt of the information, suspend or cancel any Payment Transaction, close the Account concerned, debit, at any time, the Account for the amount of Electronic Money corresponding to the funds of the cancelled transfer and recover the amount due from the User by any means.

4.2 Functioning of the Account

The Electronic Money is stored for an indefinite duration on the User's Account by the Issuer under the agreed Financial Conditions.

The Electronic Money purchased is credited to the User's Account, following the receipt of the funds transferred by Card (or any other means accepted by the Issuer). The amount to be credited is equal to such funds less the corresponding costs as provided in the Financial Conditions.

Upon the User's Order, the Electronic Money corresponding to the amount of the Payment Transaction or Reimbursement is debited from its Account and the related costs, as provided in the Financial Conditions.

The Issuer is entitled, at any time, to reimburse an amount of available Electronic Money on the Account equal to the charges due and payable, as provided in the Financial Conditions.

The amount of Electronic Money available on the Account is automatically adjusted based on the Orders transmitted to the Issuer (or in the process of being transmitted), the Electronic Money issued, any charges due and payable and any cancellation of one of the aforementioned transactions hereunder.

4.3 The use of Electronic Money to carry out a payment Transaction

Before transmitting an Order, the User must be sure to have a sufficient amount of Electronic Money available to cover the Payment Transaction amount and the related costs as agreed in the Financial Conditions.

Where appropriate, the User must acquire a sufficient amount of Electronic Money in accordance with article 4.1 before an Order can be legitimately transmitted to the Issuer for execution. The Electronic Money may be issued and stored by the User, provided that the corresponding funds are duly received by the Issuer. The Electronic Money may in no way be issued on the basis of a credit granted to the User.

As such, if the amount of available Electronic Money, at the date of execution of the Order by the Issuer, is lower than the amount of the Payment Transaction (fees included), the Order is automatically refused by the Issuer. The information about this refusal is made available to the User on the Website. This refusal may give rise to additional fees in accordance with the Financial Conditions.

The transmission terms of an Order by the User are as follows:

When carrying out a Payment Transaction, the User logs on to the Website by entering his/her Login and password or by connecting through his/her Facebook account. The User completes the relevant form on the Payment Page and, where appropriate, provides the supporting documents requested by the Issuer. The form should include the following components: the Payment Transaction amount; the currency, which may only be the currency of the Electronic Money; the details required to identify the Recipient; the date of execution of the Order; and any other required information. The User then gives his/her

consent to the Order and the Order becomes irrevocable when the User clicks on the validation tab on the form. The User then receives a confirmation email on a date referred as the 'Date of Receipt'.

In certain cases, the User may fill in a single form containing the purchase of Electronic Money as provided in article 4.1 and an Order in compliance with the previous paragraph.

Execution of the Order

The Electronic Money is debited from the User Account to be credited to the Recipient Account, following the User instructions. As such, the Recipient may open an Account in accordance with article 3.2 in order to receive the Electronic Money if he/she is not already a User. Where appropriate, the funds corresponding to the Electronic Money transferred to the Recipient can be directly reimbursed to a bank account or a payment account opened in the name of the Recipient upon the receipt by the Issuer of the relevant account details. For this purpose, the Recipient must provide the IBAN number and SWIFT code of his/her bank or payment account as well as his/her address. This account must be opened by a bank or a payment institution, based in a European Union Member State or in a State party to the agreement on the European Economic Area.

It is agreed between the Parties that the Payment Transaction will be executed, at the latest, on the next Business Day following the Date of Receipt if the Recipient has an Account. If the Recipient does not have an Account, the Payment Transaction will be executed as soon as an Account is opened or on the date the Issuer receives the bank or payment account details of the Recipient to whom the funds are due.

If the Date of Receipt is not a Business Day, the Issuer will be deemed to have received the Order on the following Business Day.

4.4 Transmission and execution of an Order for Reimbursement

When the User wishes to transmit an Order for Reimbursement, the User identifies him/herself on the Website by indicating his/her Login and password or by connecting through his/her Facebook account. The User completes the relevant form on the Payment Page and, where appropriate, provides the supporting documents requested by the Issuer. The form must contain the following components: the Reimbursement amount, the currency, which may only be the currency of the Electronic Money, the date of execution of the Order and any other required information. The User then gives his/her consent to the Order and the Order becomes irrevocable when the User clicks on the validation tab on the form. The User then receives a confirmation email on a date referred as the 'Date of Receipt'.

The Reimbursement of electronic money purchased by Card by a User will occur by crediting the Card used by the User to purchase such Electronic Money.

Where applicable, the Reimbursement will be carried out by money transfer to the bank account or payment account of the User (using the details for the relevant bank account or payment account already provided by the User to the Issuer ('Date of Notification')). It is agreed between the Parties that the Reimbursement will be carried out, at the latest, on the next Business Days following the Date of Receipt or the Date of Notification as appropriate.

If the Date of Receipt is not a Business Day, the Issuer will be deemed to have received the Order on the following Business Day.

4.5 Withdrawal of an Order

An Order may not be withdrawn by the User after the date on which it is deemed irrevocable as indicated above.

5. Login objection, Transaction dispute and Reporting

5.1 Login objection

The User must inform the Distributor of the loss or theft of his/her Login, or misuse or unauthorised use of his/her Login or data as soon as he/she becomes aware of this fact in order to request that the Login be blocked. Such a declaration should be made:

- by telephone call to the customer service of the Distributor at the number indicated in the Special Conditions;

or

A time stamped objection number will be communicated to the User. A written confirmation that Your Account has been blocked will be sent to You by the Distributor by email. The Issuer is responsible for the file at an administrative level and retains all the data for 18 (eighteen) months. Upon written request by the User and before expiration of such a deadline, the Issuer will communicate a copy of this objection.

The Issuer and Distributor shall not be held liable for the consequences of any request to block Your account that is made by a person who is not the User.

An objection request is deemed to be made at the date and hour of its actual receipt by the Distributor. In case of theft or fraudulent use of the Login, the Issuer is entitled to request, through the Distributor, [a receipt or a copy of the complaint][information about the circumstances leading to the alleged theft or fraudulent use from the User who undertakes to respond as soon as possible.

5.2 Transaction Dispute

For any claim concerning Payment Transactions or Reimbursements executed hereunder by the Issuer, the User is advised to consult the customer service department of the Distributor or the address indicated for this purpose in the General Conditions of the Website.

If You notify the Issuer that the Issuer has incorrectly executed an Order, the Issuer will refund the amount of the incorrectly executed Payment Transaction and the Account will be restored to its former state before the receipt of the Order without undue delay. The Order is then resubmitted correctly.

A User who wishes to dispute a Payment Transaction not authorised by him/her shall contact the customer service department of the Distributor by telephone (contact details shown on the Website) as soon as possible after becoming aware of the anomaly and within 13 months of the date of the Account registering the Payment Transaction. After validation of the legitimacy of the request, the Issuer will immediately arrange for the refund of the amount of the unauthorised Payment Transaction and restore the Account to the amount it would contain if the disputed transaction had never been executed, including any interest and related charges.

In the event of loss or theft of Your security information (Login and password), or where You have failed to keep your security information safe, You may be responsible for unauthorised transactions carried out before notification of the dispute, up to a maximum of 50£. However, You may be responsible for a greater amount if You have acted fraudulently, have not used your Account in accordance with the Framework Contract or otherwise through Your fault. Except where You have acted fraudulently, You will not be responsible for any losses incurred in respect of unauthorised Payment

Transactions arising after you have notified the Issuer of the lost, theft, misappropriation or authorised use of your Account details.

The User may dispute an authorised transaction whose exact amount is undefined or those whose final amount is not that which he/she could have reasonably expected taking into account his/her profile, previous expenditures and the Framework Contract conditions. This request must be submitted to the Issuer within 8 weeks of the execution of the Order on the Account. The Issuer must reimburse the User within a period of 10 Business Days after receipt of the request, if the latter proves justified, taking into account applicable laws, and whether the request consists of all the components necessary for examination by the Issuer. The Issuer reserves the right to refuse such a reimbursement, which will be explained and notified to the User. The latter will provide the necessary information in order to determine the circumstances of the Payment Transaction. The Issuer reserves the right not to reimburse the fees resulting from the Payment Transactions concerned. Any transaction carried out by the User gives rise to a contract directly formed between him/her and the Recipient(s) with whom the Issuer has no contact. The Issuer cannot, under any circumstances, be held liable for the non-performance or poor execution of obligations that may result, or possible damages caused to the User in this respect.
